Why Sponsor a Race Class?

South Florida Karting Association is a not-for-profit race track in which children from 6 years of age on up can race go-karts. This is a family friendly environment where children are taught the basics of racing along with sportsmanship. There are also racing classes for adults. Classes are dependent on age, go-kart type and engine type. We are seeking sponsors for each race class. Sponsorships can be for \$250 or \$500 dollars. A \$500 sponsorship will sponsor a race class or a \$250 sponsorship will allow you to co-sponsor a race class. For each \$500 class sponsor this will allow for four races throughout the year where the top three racers will split a \$100 award. The remaining \$100 will be used to buy a banner which will advertise your sponsorship. Sponsors will also receive 4 entries to a view a race for free, acknowledgement on our website and a link for your website on our website, if applicable.

Yes, I would like to sponsor a race class for:

_____ \$250 _____ \$500

Race class I request to sponsor:
